

2023 Academic Conference of the Sensory and Motor Branch of the
Chinese Neuroscience Society & the 9th Asian Pain Symposium (APS)
(1st round notice)

The 2023 Academic Conference of the Sensory and Motor Branch of the Chinese Neuroscience Society and the 9th Asian Pain Symposium will be held on October 13-15, 2023 at the Guanyuan Liusu Hotel in Suzhou, Jiangsu Province. The main purpose of this meeting is to demonstrate the latest progress in the research of sensation and motion, as well as the latest strategies for treating related diseases, and to explore the patterns and pathological mechanisms of sensation and motion from the perspectives of genes, circuits, functional regulation, and clinical transformation. The Asian Pain Symposium (APS) was established in 2000 (Kyoto, Japan). Since then, eight APSs were held in Seoul, Korea (2004), Fukuoka, Japan (2008), Shanghai, China (2011), Okazaki, Japan (2013), Suzhou, China (2015), Taipei, China (2017), and Incheon, Korea (2019). This conference will be hosted by the Chinese Neuroscience Society and sponsored by the Sensory and Motor Branch of the Chinese Neuroscience Society, Soochow Medical School of Soochow University, and Suzhou Science and Technology Association. We invite researchers in the field of sensation and motion, clinical healthcare professionals, and graduate students to actively submit abstracts and participate in the conference.
